**One Up—One Down**  
Legion Aces edged out the Army and Navy Braves in a 9-0 rout at North Saanich Memorial Park on Sunday afternoon.

The Braves retaliated on Tuesday evening when they took the Aces 13-11 in the same park.

Both teams are playing in the Central and North Saanich Little League.

## Cougar Is Caught

On Sunday morning, May 7, fish and game warden and cougar hunter, "Skate" Hames, was called to Prevost Island after sheep rancher Hubert de Burgh found one of his lambs had been killed in a corral. With his two hounds "Badger" and "Rip", Mr. Hames trailed the cougar for four hours when it was treed by "Badger". With his first shot Mr. Hames brought the cougar down from the tree, but added a second shot for good measure. The cougar, a young male weighing about 120 pounds, is known to have killed many sheep and deer on Salt Spring Island during the past six weeks eluding Cougar Hunter Jimmy Dewar of Nanaimo. Mr. Hames came to Salt Spring Island from Merville just north of Courtenay to relieve Mr. Dewar. It is believed that the cougar was a lone hunter and swam from Beaver Point on Salt Spring Island to Prevost Island, a distance of about one mile.—Photo by S. Green, Ganges.

## Plagued By Wrong Numbers

### She Wants Her Manual System

Valued member of the staff of The Review is enjoying a new experience with telephones. When the manual system was in operation in the Sidney area she condemned the system for the delay in reaching the number sought.

With the advent of the automatic telephone she was all smiles. Her troubles were over.

For a period of many months her problems were, in fact, at an end. Finally, last week, they commenced again.

When she repeatedly found a wrong number she attributed it to her own carelessness in dialling. When the telephone rang frequently and it proved to be a subscriber seeking an entirely different number, she was critical of the dialling ability of the caller.

Finally on two occasions she dialled a number and received a reply. She advised the distant subscriber of the identity of the office. The response indicated a wrong number. But the distant caller was herself dialling a number unconnected with The Review office. The lines were crossed.

Now, this member of the staff has been familiar with telephones since Mr. Bell made his first telephone call. She is contemplating leaving Sidney to find a comfortable community with a manual exchange.

Since then the government is no longer in need of the property and the village has sought its return for the establishment of a waterfront park.

## Premier Is In Favor Of Park Here

Premier W. A. C. Bennett has given a favourable reception to a plea from Sidney for the return of a two-acre waterfront site.

This site was previously acquired by the provincial government from Sidney village and is adjacent to the Anacortes ferry.

Since then the government is no longer in need of the property and the village has sought its return for the establishment of a waterfront park.

Managers (first named) and coaches are, Central Saanich Flyers Ron Blackford and A. McDonald; Deep Cove Bombers, Quenton Russell and R. Blake; Canadian Legion Aces, "Mac" MacCutecheon and S. Coward; and Army and Navy Braves, Gordon Cherry and R. Hannan.

### WILD FLOWERS ARE PROTECTED BY LEGISLATION

A reminder that the picking of wild trilliums, dogwood or rhododendrons are prohibited by law has been issued by Recreation Minister Earle C. Westwood. A number of incidents of destruction of these plants has occurred and Mr. Westwood has instructed conservation officers to be on the lookout for offenders.

It is believed that school children, unaware they are committing an offence are the chief offenders and Mr. Westwood asks parents to advise their children against this type of destruction. He points out that wildflowers wither quickly when picked but will remain beautiful on the landscape for an extended period if left untouched.

### OLD SWEATS MEET

## Matabele Veteran Among Guests At Big Veterans' Dinner At Saanichton

Ten old soldiers were the guests of honor at a service veterans' banquet on Saturday evening.

The distinguished soldiers were those who served in the South African campaign of Boer War at the turn of the century. Among their number was a veteran of the Matabele War of 1896.

The occasion was the annual dinner of the veterans of the First World War and former Empire wars. It was staged in the banquet hall of the Masonic Temple at Saanichton.

Guest speaker was Dean Shrum, of Vancouver, who is also chairman of the energy commission. Distinguished guest of the evening was Lieut.-Governor G. R. Pearkes, V.C., who was accompanied

by Veterans' Affairs Minister Gordon Churchill.

There were 150 veterans in the hall when the dinner was served by the ladies of the Eastern Star. The South African veterans were all seated at the head table.

Dean Shrum warned the gathering that the greatest threats to peace are fear, apathy and pacifism. He urged a pursuit of scientific research and shrugged off any possible ill effects. Fall-out from research experiments is negligible, he assured his listeners.

The banquet was not only enthusiastically acclaimed as one of the most successful in recent years, it was also the largest for many years.

## Two Left And Five Enter New Home

The James family of two left Sidney recently to assume residence in North Vancouver. All five are now settling down in the mainland community.

Barry James was a member of the staff of the Sidney branch of the Toronto-Dominion bank until last month when he was transferred to the mainland.

Accompanied by Mrs. James, he moved into an apartment in Vancouver. Children are not welcomed by the proprietors of the establishment. At the time of moving in the family was without children, but today they have three, triplets.

An Englishman, 22 years of age, Mr. James was an active member of the Kinsmen club of Sidney during his residence here. His wife is a native of Powell River.

### MILL RATE DOWN

## Hospital Meeting Draws 60 Ratepayers At Salt Spring

Very encouraging reports were given at the annual meeting of the Lady Minto Gulf Islands hospital board, which was held on May 10 in Mahon hall.

The financial report was given by W. E. Dipple, and showed an operating surplus of \$286.03 for the year ending December 31, 1960.

Patient days for the year amounted to 4,554 days, 154 days above the estimate for the year, and 300 days more than in 1959. Total of 615 adults and children were admitted during the year, compared with 532 in 1959, and 29 babies were born during the year.

Miss Ferguson, the matron, joined the staff last June after the resignation of Mrs. N. Deggen, and the staff, which has remained the same during the year, worked well together and Mr. Dipple thanked them for their loyal support. On July 1 the B.C. Hospital Insurance Service introduced superannuation for hospital employees and past service is being counted and paid for by this service. The employee pays five per cent of his or her salary per month.

Thanks were extended to Miss D. Mickelborough and the members of the Women's Auxiliary for their assistance during the year.

The chairman's annual report was given by J. Reid who spoke of the successful year, both financially and in the efficient care of patients.

New equipment was purchased for the hospital, including an electric dishwasher which sterilizes the dishes; a sphygmometer, a wall cassette holder for the X-ray room, an oxygen analyzer for the incubator and a laryngoscope.

The matron's suite for the resident matron was furnished, and rugs were purchased for the staff residence.

### FALLING MILL RATE

Mention was made of a steadily increasing assessment roll and the mill rate will decrease and may be well below one mill this year, a very small tax for the services rendered, it was felt.

The Lions club has taken over the ambulance and its operation, and the purchase of a new ambulance was their first project. This ser-

## Looking Out At Island

The people of British Columbia's mainland are looking out across the water to Vancouver Island.

The name "Tsawwassen" is Indian and means looking out.

This explanation was offered last week by Chief Ed Underwood of the Tsawout Indian Reserve at East Saanich.

vice is appreciated by all residents of the islands.

The board of management has built a garage for the ambulance and the matron's car.

During the year there were two resignations, Mrs. R. Young who left the Island, and H. Shopland who resigned because of the pressure of business. E. Richardson and Mrs. E. L. Scoones were appointed to complete their terms of office.

Mrs. Warren Hastings was elected for a three-year term, and Maurice Atkins who completed Sidney Quinlan's term, was re-elected. Others on the board will continue to serve.

Lieut.-Col. Desmond Crofton was re-appointed trustee for the hospital improvement district.

Approximately 60 people attended the meeting, and the board of directors thanked the audience for their interest and support.

## Visitors To Sidney Will Be Brought Here By Their Dogs As They Vie In Many Classes

Sidney is about to be invaded by almost 200 dogs—big dogs, small dogs, lean dogs and portly dogs, representing over 50 breeds and classifications.

These will not be strays, but representatives of the aristocracy of the dog world who will be attending the Vancouver Island Dog Fanciers' championship dog show at Sanscha hall on Friday and Saturday.

With this distinguished assemblage will come their chauffeurs, valets and butlers from the Lower Mainland of B.C. as well as from Island points and from the Pacific Coast States.

Friday's show begins at 9:30 a.m. with sporting dogs and sporting hounds in the morning. Working dogs, terriers, toys and non-sporting dogs are scheduled for judging in the afternoon, beginning at 1 p.m.

In the evening, starting at 8 p.m., the group variety classes will be judged, culminating in awards of best in show, best Canadian bred and best Canadian puppy. Judge will be Wm. Sample, of Regina, Mrs. C. H. Hemmings will present the trophies.

Saturday morning will start off with sporting hounds, then working dogs, followed after lunch by terriers, toys, non-sporting and finally, sporting dogs.

The group variety classes will commence at 6:30 p.m. to allow those of the exhibitors who desire to catch the last ferry to Tsawwassen. Judge on Saturday will be R. A. Cross of Victoria. Mrs. J. S. Rivers will present the prizes.

Refreshments will be obtainable at the hall throughout Friday and Saturday. Catering is in the capable hands of the ladies of Sanscha and any profits accruing therefrom will be devoted to the hall fund.

Three changes have been made in these shows. Admission prices have been slashed, excellent door prizes have been donated for both days and, Saturday only, group variety judging will commence at 6:30 p.m. instead of the customary time of 8 p.m.

## Modern Curio In Museum

Very modern curio is among those collected at the Log Cabin museum of the Saanich Pioneer Society.

It consists of a porch light of which the light bulb is suspended on a cord, built around the suspended portion is a swallow's nest. The birds commenced their building with a small nest which tilted the lamp. Gradually the swallows curved their nest around until the oversize home is formed in a curve and the lamp hangs horizontally.

At this point the small birds achieved an equilibrium and established their home for a season.

## Election To Be Fought Here By Five Candidates May 29

### —No Surprises At Nominations

No surprise candidates showed up for nomination for the May 29 by-election in the Esquimalt-Saanich federal riding on Monday. Nomination day closed with five candidates listed. They represent the four major parties of the west, with a fifth running as an independent.

Candidates named are as follows: Reeve G. L. Chatterton—Progressive Conservative.

David W. Groos—Liberal.

George Hahn—Social Credit.

Glen Hamilton—New Party.

Don Poirier—Independent.

Reeve Chatterton is running in the wake of Lieut.-Governor George R. Pearkes, V.C., whose appointment to the provincial office left his seat vacant. A former civil servant, the Progressive Conservative candidate is a veteran of the air force and closely identified with the department of veterans' affairs, whose representative he was on Vancouver Island until recently.

Capt. Groos is a veteran of the navy and retired last year from the permanent force. From his early childhood he resided on the southern Island until he entered the navy as a cadet. The Liberal candidate has expressed his predominant concern with the maintenance of peace.

George Hahn is a former member of parliament from the lower mainland. He was serving as reeve of Surrey when he was nominated by the Social Credit party. Coming to Saanich for the election campaign, he resigned his municipal office in order to devote more time to the problems of the election.

Glen Hamilton is a local man, operating a farm on Patricia Bay highway at Royal Oak. He is also a welfare worker. A trained social worker, he has been actively engaged in that field for many years. He is the first candidate to seek election from Esquimalt-Saanich under the banner of the New Party.

Don Poirier is a socialist, but has retained any association with Muscovian communism. He has em-

braced marxism divorced from its present-day interpretation. A seaman by trade, he is an able speaker.

Two factors were missing from the lists upon their completion. Norman Baker, who came to the coast as a candidate for the election under the United Empire Loyalist banner, failed to file papers. Mr. Baker had already gained wide acclaim as a bitter critic of the Diefenbaker government and specifically of its plans in connection with the Columbia River basin.

It was popularly expected that the Communists would field a candidate in the election after their active campaign in the provincial election last year. This week the party issued a statement regarding the election, but offered no candidate.

Polls will be open on Monday, May 29 throughout the riding, from Deep Cove to Cobble Hill from 9 a.m. until 8 p.m., local time.

## Province To Take Out Bend

Provincial government has approved the straightening out of Lochside Drive at a cost of \$6,000.

John Tisdalle, Saanich MLA, has told The Review that the dog-leg curve in the access road to Sidney is to be eliminated.

Highways Minister P. A. Gagliardi has been urged for a number of years to improve the winding road at this point.

### SCOUT and CUB NOTES

In spite of a drizzle that started early and continued most of Saturday, a very thorough job of beach clean-up was conducted by the Cubs and Scouts of the Sidney district.

Leaving the Scout hall shortly after 9 a.m., the boys and their leaders left for their assigned areas, and once the novelty of live crabs and other interesting objects left by the very low tide had worn off, the boys conducted a careful search for the trash left or thrown into the water by thoughtless persons.

Many sacks of old iron, rusted tin cans, broken glass and pieces of all kinds was picked off and left to be picked up by trucks.

One bright spot in a drizzly morning was provided by a little boy, with a big box of cookies that hid right spot with the boys, Sidney "A" Pack, hoping for a nice day, had planned lunch on the beach, and rain or no rain, they had lunch on the beach, with hot dogs and marshmallows toasted over a campfire and pop to wash it down.

## Shawnigan Student Takes First Prize In Oratory Contest

District finals for the Knights of Pythias-sponsored public speaking contest for the lower part of the Island were held in the K of P Hall, Sidney, on Friday evening, May 5, with Geo. Hawkins, Victoria, acting as master of ceremonies.

There were three contestants taking part. The subject was "Changes I Would Make", which gave the contestants a wide field.

The first speaker, Miss Nadine Smith, 17 years old, and a Grade XI student at Victoria high school, chose advertising. She was sharply critical of alleged inaccuracies in

advertising for cigarettes. The cigarette is boosted as being soothing to the throat, she observed. Filter tips and blends of tobacco for more enjoyable smoking were current while many doctors vigorously contend that cigarette smoking contributes to lung cancer.

The second speaker, Rhys Phillips, the 14-year-old Grade VIII student of Mount Newton high school who won the semi-finals in Sidney the week before, repeated his changes in nuclear development.

He emphasized the money and time spent on armaments and de-

were and was concerned for the welfare of the human race and particularly his own generation.

The final speaker was Julian Greenwood, a student at Shawnigan boys' school, 14 years old and in Grade XI. His topic was "Education as it Affected Myself." He stressed the separation of boys from girls in schools, insistence on more physical activity and more "plain English." This talk was interspersed with several humorous lines and very well delivered.

The judges, Mrs. C. Jahraus, Victoria and J. Gowan, all of V. T. T. deliberated for some time before deciding in favor of Julian Greenwood with the other two contestants tied. Julian received the cup and first prize money. Each received a certificate and a memento of the evening's contest.

The timers for the evening were C. W. Burrows, Sidney and H. Langlois, of Duncan, while J. S. Carmichael and J. E. Powe were tellers.

Refreshments were served by the Knights of Pythias, assisted by the Pythian Sisters.

### JAMES ISLAND

James Island Sunday school held a Mother's Day service this year with a group of Canadian Girls in Training conducting most of the service. Upon arrival, each person was presented with a spring flower corsage. The junior choir presented suitable selections while the kindergarten class spelled out the word, "Mother". Grandchildren later presented spring bouquets to the grandmothers present and special bouquets were presented to Mesdames J. Roper, A. Raine, A. Rowbottom, D. Edwards and J. L. Martin for their efforts with the children in the Sunday school.

The Third Tsartlip troop of Cub Scouts on James Island, under the leadership of Wallace Bond, conducted their annual clothing drive on Wednesday evening and as usual received a fair response from the residents. A nylon stocking will be sent to the war widows of Japan, while used clothing is for the Shantymen's Association.

### BRENTWOOD

Miss Susan McDonald, daughter of Mrs. J. B. Stansfield of Norman Lane, has left for Denver, Colorado, for a six-month visit with her aunt and uncle.

Mr. and Mrs. A. L. Polderman have sold their store on Keating Cross Road and are now residing in the Dignan home with their two sons, on Dignan Road.

Currently visiting at home before his departure to Zweibrücken, Germany, with the RCAF is L.A.C.O. F.O. Kockott. Mr. Kockott is the son of Mr. and Mrs. A. Kockott, 6811 West Saanich Road. He has been stationed at Gimli, Manitoba, for the past four and a half years and sails for Europe on May 26 from Montreal.

### CHURCH LADIES PLAN PURCHASES

Monthly meeting of the Catholic Women's League was held Tuesday evening, May 9, in Our Lady of Grace hall with the president, Mrs. H. Bonar in the chair.

Rev. Father Philip Hanley opened the meeting with the League prayer.

It was decided to purchase two vases and an alb for the church. The catechetical summer school was discussed and final arrangements will be made at the next meeting.

A discussion followed the meeting.

The district. She is living in the Sluggitt home on West Saanich Road. Mrs. Fred Sluggitt is now living with her daughter and son-in-law, Mr. and Mrs. R. Knott, Sluggitt Road.

A meeting of the Mother's Booster club for the Central Saanich Flyers was held at the home of Mrs. R. Blake, Central Saanich Road, nearly 100 per cent of mothers turned out. Ways and means of raising money for the team were discussed. It was decided to change the name from "Brentwood Flyers" to "Central Saanich Flyers". A challenge from the mothers' booster club of Deep Cove to a baseball game was accepted. A. McDowell, in a short talk, applauded the support given the team by the local businessmen and parents. The booster club expects and hopes that local attendance will greatly increase when the weather is warmer. Refreshments were served at the conclusion of the meeting.

Last Friday night, under the leadership of Pastor Wescott, Y.P. of Sluggitt Memorial held the second of what promises to be a series of lively discussions on "Problems Young People Face." "Chorus singing led by Hugh Bexrud, a 'Match-the-scrambled-names' contest, a solo by Beth Haugen and a 'Text For This Week' were also on the program which had the theme "Love."

## SIGN OF EDUCATION

### As Indian Students Speak

"In the early days the art of public speaking was a sign of education," said Rev. Father Philip Hanley, as he welcomed parents, guests and judges to the finals in the second annual speaking contest held at the Tsartlip Indian school in Brentwood on Friday afternoon.

He emphasized the fact that public speaking today is very necessary and noted that the chiefs of the tribes are called upon many times to speak in public and have a great responsibility as they represent their people on many occasions.

Coached by Rev. Father W. Mudge, who two years ago started this project, and ably assisted by Sister Noel and the staff of the Tsartlip school, the students held a contest every month. The finalists were Cyril Samson, Karen Williams, Madeline Thomas, Randy Cooper, Edith Pelkie, Diane Olson, Marlene Henry and Gregory Williams.

The young speakers were very composed, addressed the audience correctly and showed careful preparation in their speeches which were based upon their school work in science and social studies.

#### JUDGES

Judges for the contest were Miss J. Wright, a directress of the Indian Advisory Council, Mrs. W. Kynaston, president of the Madrona Toast-mistress club, Mrs. Frank Richards and Mrs. E. Russell of the Junior Red Cross.

Third prize went to Karen Williams and was presented by chief of the Tschum Reserve at Patricia, Gus Bill. Second prize was presented with a humorous little speech, by Don Williams, chief of Pangnash Reserve of Cole Bay, to Edith Pelkie. First prize was won by Gregory Williams and was presented by chief E. Underwood of the Tsanout Reserve at East Saanich, who thanked the nuns for the wonderful job they were doing with the children.

"We never had this chance," he said, "but our children today have a good opportunity to take their place alongside our non-Indian children and friends, and will some day make better chiefs than we are."

### SAANICHTON

Mr. and Mrs. A. K. Hemstreet spent the past week-end with their son Maurice and his family at Sechart, B.C.

Mrs. M. Melkejohn, Oldfield Road, had as her guests on the week-end, her nephew and his wife, Mr. and Mrs. Wm. Irwin of Vancouver.

Mr. and Mrs. J. T. Godfrey, Mount Newton Cross Road, are back home again after a five-month trip that almost encircled the globe. They spent some time in New Zealand visiting relatives, and their ship called at Australia en route to the British Isles where they spent a holiday visiting relatives in Scotland and England. En route home across Canada by train they visited with relatives of Mr. Godfrey in Manitoba and spent a few days with their daughter Margaret and her family, north of Edmonton while in Manitoba. Mr. and Mrs. Godfrey celebrated their 40th wedding anniversary at the home of relatives.

with Father Hanley answering questions. Refreshments were served by Mrs. H. Milner and Mrs. A. W. Marcotte.

## ELECTION NAMES

IN recent years elections, both provincial and federal, have seen the appearance of candidates representing the four major parties of the west, with a fifth candidate nominated from time to time by the Communist party. Esquimalt-Saanich is no exception in this by-election, although the fifth candidate in this instance is not appearing as the Communist nominee.

This May 29 election represents the first federal election here, since the Second World War, when a ballot is presented to the voter lacking the name of George R. Pearkes, V.C., retired soldier. The absence of this name is, in fact, the cause of the election. While the veteran candidate of this riding takes his place in Government House, the election passes him by.

Named for the election are George Chatterton, Conservative; David Groos, Liberal; George Hahn, Social Credit; Glen Hamilton, New Party and Don Poirier, Socialist.

The last-named, while closely identified in the mind of the public with the Communist party, not only denies that party, but is offered no support from the Communists. A Marxist, he looks with no more favor on Moscow than he does on Ottawa, apparently.

The colorful independent, Norman Baker, who announced his candidature earlier under the banner of the United Empire Loyalists, has failed to file his nomination papers and is not in the running.

A second independent would have changed the routine here slightly. As it stands the voting public has very much the same choice as was presented in earlier elections.

## SEASONABLE NEWS

ANNOUNCEMENT by Saanich M.L.A., John Tisdale, this week that Premier W. A. C. Bennett is favorably disposed towards the plea of Sidney village council for the return of a two-acre piece of land adjacent to the Anacortes Ferry is likely to meet with approval in the village.

The Premier has not stated that the land will, in fact, be handed over to the village for park purposes. The announcement, however, indicates that the picture is clearing.

With the advent of summer and the appearance of the mid-day sun, the Premier could scarcely have timed his reference to parkland better.

The property, if returned to the village, will be used as a park and maintained by the village.

## A VALUABLE CONTRIBUTION

SEVERAL weeks ago Wing Commander S. R. Gibbs, president of Sanscha, announced the receipt of an anonymous donation to his association of \$1,000. The money now lies in the community hall account.

Since the first days of Sanscha innumerable donations and contributions have been made. Currently the group is still receiving spontaneous gifts. Biggest single boost received by Sanscha has been the donation of \$1,000 and the directors of the group have been frustrated only in their inability to express their gratitude personally to the donor.

The community hall has never served the youth of the community to a greater degree than it does today.

The youth of the district as well as those directly concerned with Sanscha are indebted for the gift and for the thought which prompted it.

Contribution of Sanscha to the youth of the district in recent months is beyond question. Plans under way for the provision of swimming and other courses are a further step in the same direction. With the advent of summer, every parent should ensure that his children are capable of surviving a water accident. Sanscha sees it the same way.

## HOSPITAL REPORT

REPORT of the Lady Minto Gulf Islands Hospital and of the Gulf Islands Hospital Improvement District have been circulated among the participating islands during the past week or so. The public meetings have been called quietly and the report given with little noise.

This quiet record of the year's operation is a credit to the hospital staff and to those members of the public who have served their fellows.

The cost of the hospital has not only remained within bounds, but the financial report indicates that the per capita cost is on a downward grade.

Experience of the islanders in financing their own hospital is likely to redound to their credit as well as to serve as an encouragement to other communities to pursue a similar course.

## Letters To The Editor

### BAND CONCERT

Last Friday I had the pleasure of attending a very excellent band concert in Sanscha hall put on by our local high school band, our junior band, and two visiting school bands, and I couldn't help thinking how proud we should be of our two bands and most certainly of the two men who instructed them, Mr. Stan Minge and Mr. Jones. These two men must certainly give a great deal of their time to training these young people, and I think they should be both thanked and congratulated.

The thought also went through my mind how lucky we are to have such a grand hall as Sanscha in which to hold these concerts and other activities. It is our hall and we can well be proud of it, and grateful to those people who have and are still working so hard to get the hall out of debt. Let us all do what we can to help.

Dorothy J. Thomas,  
Box 61, Sidney, B.C.

### PROBLEMS AND PLAYS

I read with interest and a glad heart the letter published in your column, written by Katherine M. Sherman.

## CHURCH GROUP STAGES TEA

Bethel Baptist Pioneer Girls held a mothers, daughters and pals banquet in the church building on Friday evening, May 12.

Mrs. E. Finlay, chairman of the sponsoring committee welcomed the guests. Each visitor on arrival was presented with a corsage made by Colonist Joyce Nunn.

Pilgrim Carol Mason gave the toast to mothers, and Mrs. D. N. Card responded. The toast to the pals was given by Colonist Julie Cox and responded to by Mrs. Joseph Mason.

Following a number by the Pioneer girls choir, a recitation "Who Loved Mother Most" was presented by Pilgrim Dini Grootveld.

Miss Adine Campbell of the Rainbow Mission in Victoria brought an inspiring message on "The First Mother."

Scripture reading was from the Gospel of St. John by Colonist Joan Hannay.

In a very impressive candle lighting service each participant received a light for her candle from the centre light held by Colonist Joyce Nunn.

Proudly holding their lighted candlesticks the girls sang two hymns.

The benediction was pronounced by Guide Mrs. H. E. Nunn.

## Teachers Plan TV Workshop In Co-operation With Sooke

As a follow-up to the 1960 in-service television workshop held in Saanich, the teachers of Saanich and Sooke are combining their efforts to a closer investigation of closed and open circuit television.

The workshop which is the first of its type in B.C., is to acquaint teachers with the actual procedures and results of instruction through television.

On Saturday, June 3, the teachers of Saanich, Sooke and Gulf Islands, as well as such notable guests as Dr. J. F. K. English, the deputy minister of education; P. Kitley, coordinator of teacher recruitment; B. Gillie, principal of S. J. Willis; D. Brown, supervisor of curriculum and special services; F. A. McLellan, district superintendent of schools, and trustees of the Saanich and Sooke school districts will assemble at Royal Oak high school.

The workshop was organized under the joint chairmanship of Mrs. A. Fraser, in-service chairman of Saanich, and J. Dulmage of Sooke Teachers Association.

## CHURCH PLANS FOR ITS 50TH ANNIVERSARY

Members of Sluggett Memorial Baptist Church, Brentwood, took stock at their annual business meeting, Thursday, May 11.

The membership now stands at 25 active, eleven non-resident and one inactive. The deacons board has a new member, R. Sahlgren.

Re-elected were R. Alcock, E. Finlay, I. Finlay, A. McCarthy and A. Shiner. Church clerk is Mrs. A. Shiner, and treasurer, A. Alcock.

Members were pleased to see a "members directory" included in the annual report. It was noted that Stockaders, Crusader Girls and Car club have produced increased attendance. Sunday school enrolment is now 100. Members also discussed plans for the 50th anniversary celebrations to be held August 16-17, 1961.

### BANS AND BOMBS

A petition to "ban the bomb" has my signature. How easy to sign; makes us all feel good; a sabbatarian feeling of growing in grace.

Far-seeing people will tell us at the expense of growing in stature. The time to have done something was after Hiroshima. We were perpetrators of this atrocity and have made no expiation. These "signings" are a further shrinking from responsibility. It is not fear for our precious lives that will prevent an atomic war but realization that lives are precious.

Perhaps we should stress the value of all property that will be lost in event of another war?

"Where your treasure is, there will your heart be also."

F. A. Thornley,  
Saanichton.

### APPRECIATIVE

I would personally like to thank those patrons of the Saanich school district, who in billeting the La Comer band members, took them both into their homes and into their hearts. It was a trip, a program, and an experience in being that our students will long remember.

## OUTLINES HISTORY

## LEASE OFFERED WITHOUT PREJUDICE TO PARK PROPERTY SAYS MINISTER

Offer by the provincial government of farm land for lease in the vicinity of McDonald Park led to some local concern that it might result in reduction of the area available for park purposes. Recreation Minister Earle Westwood has clarified the picture with a brief history of the park area.

MacDonald Park now containing 40 acres, originated when in 1948 Mr. McDonald donated five acres to the government.

In 1956 the department of recreation and conservation purchased three adjoining lots from Mrs. McDonald. Some 20 more acres were purchased by the same department from the Saanich school district in 1957, and in 1960 a further three lots were purchased from Mrs. McDonald.

In 1959-60, the highways department took land from the park to facilitate the relocation of the highway to Swartz Bay. This deleted 12 campsites from the park, of which four have been replaced to date. In return for this land the department of highways conveyed to the depart-

ment of recreation approximately nine acres adjoining the park on the southeast side of the highway. This property is being mapped to add to

## WEDDING AT HOLY TRINITY SATURDAY

At Holy Trinity church on Saturday afternoon Diana Katherine, daughter of Mrs. K. E. Taylor, Roslyn Road, grand-daughter of Mrs. James M. Taylor, Towner Park Road, was united in marriage with Walter Raymond Tate, son of Mr. and Mrs. J. M. Tate of Vancouver. Canon F. C. Vaughan-Birch officiated.

Following the ceremony, a reception was held at the home of the bride's grandmother on Towner Park Road.

After a honeymoon along the Oregon Coast, Mr. and Mrs. Tate will make their home in Victoria.

## Church Group Banquet For Mothers

Crusader Girls of Sluggett Memorial Baptist church, Brentwood, were hostesses at a Canadian Baptist Crusader Girls Mother's Day tea last Wednesday evening.

The tea, held at the home of Mr. and Mrs. H. Baade, Stelly's Cross Road, was given in honor of mothers and sponsors. There were 15 mothers, seven sponsors and 15 girls present.

Mothers and sponsors very much enjoyed a recitation by Pat Tebbis, a song by the Bruce sisters—Lesley, Donna, Susan and Pamela—and a recitation by Cheryl Alexander and Lesley Bruce.

The entire evening's entertainment was carried out by the girls themselves, whose ages range from eight to 13, under the able leadership of Miss Charlotte Ann Baade and Mrs. Nora Lewis.

## Salvation Army Drive Half Way To Top At Mid-month

Construction of Matson Sunset lodge began this week. Farmer Construction Co., which was awarded the contract, has drilling crews at work on the site which overlooks Victoria Harbor.

Every effort will be made to have the building ready for occupancy next March. It will house 140 elderly citizens.

The month-long campaign which is being conducted under the general chairmanship of Stuart Keate, is in high gear. With half the month gone the total has passed the halfway mark of \$123,000 and every energy is being exerted to have the full amount in by the end of May.

The special names committee has raised its sights beyond its total of \$90,000. With over \$60,000 now pledged, it is hoped the final amount from this division will run over \$100,000.

Another report meeting will be held next Friday when the first totals from the professional employee and civic employee groups will be made.

The residential canvass by telephone and mail being conducted by a force of 400 women under the leadership of Mrs. Allan Campbell, is meeting with excellent response. At the first report last Friday this committee had a total of \$11,000.

Mrs. Campbell asks that persons not listed in the telephone book or any others that may be missed by other means, send their contributions to campaign headquarters, 737 Pandora Ave.

## Minister Is Speaker At Banquet

With Mrs. R. Tuttle, vice-president in the chair due to the illness of president Mrs. J. D. Pearson, the regular meeting of the Ladies' Auxiliary to Branch No. 37 was held last week. Mrs. Norma Hadley was initiated into full membership and welcomed into the auxiliary.

Reports of successful catering of banquets was read, and plans made for a supper to be served on Wednesday night when Veterans Affairs minister Gordon Churchill and Reeve George Chatterton were to join with the Legion members for an informal supper hour before the meeting to be held at Sanscha hall.

Announcements were made regarding the decoration day service to be held on June 11 at Holy Trinity church with tea to be served later at the Legion hall; the quarterly Zone Council meeting has been scheduled for Sidney hall on May 26; the First War vets party is on May 19, and plans for the bazaar on September 30.

A presentation was made to Mrs. T. Green for her new bay daughter, and a donation of \$300 was made by the ladies to the building fund of the branch.

the original number of campsites. In addition to this last-mentioned nine acres, the department of highways donated a further two acres of benchland to this department on Shoal Harbour adjacent to the highway, which is to be developed into a picnic site or at least a stopping place at a future date.

The land offered for lease was agricultural land and did not adjoin the park. It was merely in that general vicinity and McDonald Park was used to identify the area.

"In peace I will both lie down and sleep, for thou, O Lord, alone makest me to dwell in safety."—Ps. 4:8.

Peace talks are common these days as Communism is on the

march. Small nations are looking to the larger ones, and larger nations are looking to other nations that they might stand together in their peril. Men, apart from the governments of the world are placing great hopes on the ability of their governments to succeed but are not a little fearful. Scientists are not very happy at the outlook in the world today for there are so many ways of destruction available to the nations for war. Yes, men are living in perilous times but all is not hopeless.

David was being pursued all over the land by a king who wanted to destroy him, for David was a threat to his kingdom. David only had a small army, poorly equipped in relation to the large army of Saul. But David had the sure promise of God that He was watching over him, so David could lie down and get a good sleep, placing his trust in a living God.

God is still on His throne. The world is still His concern and to those who love Him and are His through the precious blood of Christ He still watches over them. An all-powerful God is not concerned whether it is a great army of men with spears or with atom bombs. He is still in control. If you are His you may still lie down and sleep knowing that your God is watching over you as he watched over David. You can be His by believing in His Son as your Saviour.

Amid the ruins of history's bloodiest war, sit leaders of the United Nations, a setting dramatically designed in the London Wax Museum in the Empress Hotel's Crystal Garden at Victoria, B.C. Note the burned beams, the scorched bathtub and umbrella. It is one of 18 scenes which include 61 wax figures supplied by Josephine Tussaud. More than 4,000 visited the permanent museum in the first two days last week. Left to right, Churchill, the late King George, Viscount Montgomery, General De Gaulle, late president F. D. Roosevelt and the late Marshal Stalin.

**She Is Impressed**  
**With Wax Museum Here**

By DORIS LEEDHAM HOBBS  
 So the Royal London Wax Museum is open! It is only the beginning, I understand, and, most heartily do I congratulate the promoters, John H. Steele and William P. Enman, on their enterprise.  
 This is a new thing for Victoria, and has a very wide scope of interest, for it embraces so many historic personages and celebrities in every department of human achievement.  
 The guide book alone is worth possessing, it is so ably written and so neatly condensed.  
 I must not describe the exhibits but I would like to mention the little old lady in a black bonnet who was the forerunner of this very museum, Madame Tussaud. Born in Strasbourg in 1761, Anne Marie Grosholtz, went to Paris to live with an uncle, Phillipe Curtius, a wax modeller. Soon, her deft fingers surpassed his, and she excelled at modelling these figures. During the French Revolution, Mme. Tussaud, as she then was, was compelled to make wax death masks of the victims of the guillotine. With the Peace of Amiens in 1802, Mme. Tussaud escaped to England with her family and her collection of models. After touring the British Isles, she settled in Baker St., London, where her collection grew and where the famous wax museum is located at the present day and run by her great-grandsons.  
 There will be a few criticisms, chiefly I think of our Royal family. In that particular group the Archbishop of Canterbury stands out as the most natural and lifelike figure in the museum, which lends one to suppose that men are easier to model than women.  
 I am glad I have seen Sir Edmund Hillary and Tensing on the highest peak of Mount Everest.  
 The preview, which I was privileged to see, was well worth the effort on the rainy night of April 28, and the greeting by the manager and the charming courtesies presented by the pretty girl attendants made it a pleasant occasion.  
 "Have you seen the Wax Museum?" will be the question put to all our summer visitors and to our island residents as well.

**Rock Club Establishes New Library For Lapidarists**

Regular monthly meeting of the Sidney Rock Club was held in St. Andrew's Hall, April 27 with the president, Dr. W. Leach, in the chair.  
 There were 30 members and five guests present. New members are Mrs. E. Eaton and E. G. Hay.  
 The Victoria Lapidary and Mineral Society invited club members to see the intarsia work and carvings done by Mrs. Olive Colliour of Seattle on the evening of April 1. A large number attended.  
 Several books have already been donated to the club's newly organized library and the executive will consider a list of books on minerals and lapidary work which are to be purchased.  
 R. H. Arnold has made a donation of money to help in the purchase of these books.  
 The mystery field trip will take place on May 14 leaving Colwood shopping centre at 10 a.m.  
 R. F. Diment has promised to give a talk and show films on jewellery making at the May meeting.  
 The club also hopes to have more information on thunder eggs in the Imperial Valley.  
 Pat Horton provided a display of standards for testing in both guides and brownies in the division.  
 Miss Esme Carey, Guide captain, was a guest at the Kingswood Lodge last Saturday evening. She was presented with a "thank you" pin from the division for her work with the Glenford Company girl guides. She is taking a two-year leave of absence while she travels abroad.

**Guide Notes**

The Woodward trophy competition was discussed at Kingswood Camp Lodge, Elk Lake last Tuesday, when the Saanich District Commissioners held their division meeting. This competition will take place on May 27 and is open to all Victoria and surrounding district companies.  
 A patrol from each division is chosen to compete in the final challenge. The guides are judged on camping skills, nature lore, good patrol spirit and other factors.  
 Mrs. J. T. McKevitt, division commissioner, conducted the meeting and gave her report of the annual meeting, which was held at Prince George.  
 A maple leaf camp for the training of guides in camp crafts will be held at Milne's landing, July 16-26. A Maple leaf camp for the training of Patrol Leaders for pack patrol days will be held in Nelson, B.C., May 31 - June 6 of this year.  
 Meetings will be arranged to discuss standards for testing in both guides and brownies in the division.

**JUNIOR PET SHOW**

 There will be novelty classes for cats and dogs with classes for hamsters, rabbits, mice and guinea pigs.

## Fashion Show Draws Large Crowd At Sanscha Hall May 4

Fashion shows have lost little of their popularity in Sidney. A record crowd was present for the IODE fashion show on May 4 in Sanscha hall. An evening of entertainment, refreshments included, began with the official opening by Mrs. J. S. Gurton, regent of the HMS Endeavour chapter.

Commentator for the show was Vivian Cowan, who first presented a wedding scene, introducing tiny Donna Bath and Patti Stanton as junior attendants, and Sidney's princesses, Janet Hartshorne and

Mary Mollet as bridesmaids, with the Sidney queen Susan Gray as the bride. The girls wore their royal dresses in this, their swansong before they step down from their royal positions on July 1.

Junior fashions for the show were provided by Sidney Dry Goods with Mrs. O. Thomas and Betty Eckert behind the scenes. Junior models included Coleen Jacobsen, Brenda Sharock, Mimi Henriksen, Nancy and Sally McAfee, Lynn Rogers, Wendy Hopkins, Leslie Daw, Georgina Price, Debbie Bourquin, Roslyn

Cantwell, Barbara Bower, Barbara Wilson, Kathy Knight, Barbara Holt, Joyce Gardner, Margaret Storey, Joyce Kingler, Lynda Mills and Jill Cowan.

### ADULT FASHION

Adult fashions from Bernard Shaw's and chosen by manageress Mrs. K. Thorne and her assistant, Mrs. R. McDonald, were shown by Marica Wilson, Winnie Bennett, Beverley Hemphill, Lorie Thorne, Susan Gray, Freda Storey, Valerie East, Joan Bentzen, Violet Thorne, Eunice McKay, Claudia Whipple, Bobby James, Judi Grimshaw, Olive Hawkins, Linda McDonald, Frances Butler, Mary Ellis and Frankie Spear.

Providing entertainment between the sections of fashions were students of Rae Burns Studio, Joyce

Ridge with an Irish jig, and Joyce Gardner with a ballet number. Students of Bev Gore-Langton provided musical numbers with Pauline Marshall on the accordion, Steve Thorne on the trumpet and Robert Aubrey on the piano.

Not to be outdone by the ladies fashions, four members of the Legion, Roy Tutte, John Gurton, Truman Green and Bill Stewart, accompanied by Ann Blake at the piano, modelled the latest in dressing gowns supplied for the show by Alexander-Gane in Sidney.

### SPRING HATS

The latest in spring hats from Miss Frith's in Victoria, and the smartest in spring jewellery from Martin's in Sidney, added color and accent to the smart wardrobes. Music for the show was played by Mrs. Isobel Foster at the piano.

Script to the value of \$25, \$15 and \$10, donated for door prizes by Bernard Shaws, and drawn by Mrs. K. Thorne, were presented to Mrs. G. Bryson, Mrs. A. Hopkins and Miss Johnson by Mrs. J. Gurton. The electric coffee pot, raffled by the IODE was won by Mrs. Langis of Vancouver.

Co-conveners of the fashion show were Mrs. J. V. Bell and Mrs. E. Lawlor. Miss Jean Christie was in charge of decorations and refreshments were in the hands of Mrs. F. Gilbert and her committee. Mrs. G. Ward was in charge of publicity.

## STRICTLY PERSONAL

### Gentleman Seeks Wife

It is a very human interest, that of reading the personal columns in our daily papers.

How, we wonder, does the "respectable widower" choose his new mate from the answers, (strictly private) that he receives? What a chance he is taking! But then perhaps a bad housekeeper is better than no housekeeper at all!

What a chance too, the respectable widow takes when she answers such an advertisement which ends with "object matrimony".

So often the affair is wrecked on the question of money. I heard of one such marriage where the widower's home was filled with lovely modern kitchen gadgets, but his new wife was forcibly restrained from using even the electric iron to iron his shirts, because of the electricity bill!

The marriage quietly dissolved into separate establishments; luckily, the lady in question had money of her own on which to live.

It is no new thing, this advertising for a mate. I came across this rather fascinating one in an old country paper, reprinted from 200 years ago. There is a certain dignity about it.

I, for one, would like to know

what "gentee business" the young man had in mind. Here it is:

**GENTEE**  
"If any young lady, of good character and reputable family, not exceeding 25 years of age, of a good temper and agreeable person (who has a real fortune of about four thousand pounds), has an inclination to enter the matrimonial state with a young gentleman (whose person is not disagreeable, and worth full the above sum) in a very genteel and profitable business, will direct a line (free of postage) to Z.O. to be left with the printer of this paper, signifying where and when she may be waited on, due attendance will be

given, and the strictest honor and secrecy may be depended upon".

That advertisement, in the beginning of the reign of George III, might well be the germ of a story of Georgian or even later, regency, England, and by such a competent writer as Georgette Heyer.

I suppose it is, that reading these "Lonely Hearts" queries, one's imagination is stimulated, and common sense hopes that all is strictly above board and that with a competence on each side, two people might find companionship and live happily ever after! Who knows?

## An Open Letter to the Voters of Esquimalt-Saanich from the Communist Party of Canada

Canada faces a crisis of national development. The Diefenbaker government, in the interests of monopoly capital, instead of asserting Canadian independence as a sovereign state, is increasingly bowing to U.S. demands that Canada accept the role of a U.S. satellite through support for NATO, NORAD, and nuclear weapons on Canadian soil.

The Esquimalt-Saanich by-election gives you the opportunity to make your voice heard new for new national policies that will free our country from U.S. domination and the grip of the monopolies and put Canada on the side of peace, disarmament and for the rejection of nuclear weapons on our soil.

This by-election gives you the opportunity to work and demand that government revenues be used for large-scale action to expand employment and protect unemployed workers and their families, and to assure that Canada's health and educational needs are met.

This by-election gives workers, farmers, professionals and small business people the opportunity to unite and work for a new policy for Canadian independence, full national development, employment and security for all—in a word—to be masters in our own house. The key is unity and bold fresh leadership for the development of a real alternative policy to the big business monopoly policies pursued at Ottawa and Victoria, which stand for U.S. integration and involvement in U.S. provocations and war plans.

All-in unity for new national policies and the people's needs can defeat the Tories in Esquimalt-Saanich. We appeal to all progressive forces and individuals to unite and support the work to defeat the pro U.S. big business candidates.

Forward to Peace, Security and Independence!

(This advertisement is inserted and paid for by the Victoria Branch of the Communist Party of Canada).

## They Seek Specimens

This is the type of leaf sought by the Dominion department of Forestry. It is a European poplar and forestry pathologists are eager to find specimens.

## Disease Strikes Where This Leaf Is Found Near Needles

A search is under way for specimens of white poplar. The tree, used extensively as an ornamental, bears a resemblance to the maple, although the leaves are smaller and show a white cottony bloom on the under side. This bloom is also evident on small twigs and branches.

The tree is the suspected carrier of pine tree rust, a European forest disease which attacks certain hard pines and European poplar. It cannot exist without this latter.

The poplar reaches a height of up to 100 feet or more.

Any reader who has such a tree is invited to remove a small twig supporting two or three leaves, press it until dry and place it between two sheets of heavy paper. It should then be sent to Department of Forestry, 409 Federal Building, Victoria, B.C.

Samples of the rust on yellow pine or lodgepole pine are also sought. This appears as orange or yellow pustules or blisters on the foliage or young bark. These samples need young growth in the immediate vicinity of the poplar. Older trees and those further removed from the poplar are usually resistant, although their growth is set back.

Anyone co-operating with the department is urged to enclose a note of his identity and address with details of the age, type and size of the tree, and its condition and origin.

Specimens should be marked

50 MARKED  
Such specimens should be marked "rust survey" on the outside of the envelope or wrapper.

## Pencillings . . . from Pender

By V. SHIRLEY

Family service for Mother's Day held at the United church Sunday morning, saw the children taking part in readings and song, in keeping with the service. The church was filled—sun at last on Sunday afternoon too brought out some 35 to 40 persons to the "open house" at the Golf and Country club. Tea and biscuits served by the committee in the renovated club house brought memories of other days to many, and enthusiasm mounted. Mrs. Geof. Jennens drove all the way up from South Pender's south side for the occasion, and a number of golfers enjoyed the afternoon on the greens. . . Summer ferry schedules go into effect this Thursday. Happy days are here again. Now,

if they'd just get busy on the Port Washington ferry slip . . . Wonder how long it takes the post office department to "study a situation"? It has been studying daily mail service for the islands since last January. But it still takes four days to get mail from Sidney, 11 miles away. . . Next Monday is May Day at the school and the Queen of May is to be Margaret Brackett. If you want to see the crowning, plan an early lunch, and an early arrival at the school grounds. . . And the United church mission boat will be calling at Hope Bay at noon that day, so if you really want to help out Indian families on the West Coast, see what's in the clothes cupboard that you don't need, and leave it with Mrs. Stella Bowerman before Monday.

## FOR ALL CAR REPAIRS—Motorists like NATIONAL Motors!

They like the 100% "same-as-new" guarantees on all repairs . . . the free estimates . . . sensible prices. They like the way National have their car ready the same day, in most cases. In fact, from a scratch, dent, to a complete overhaul . . . most motorists choose National!

## ISLAND DOCTOR IS CALLED BY DEATH IN CITY

Dr. Brabazon James Hallows passed quietly away in the Royal Jubilee Hospital in Victoria on May 10, in his 76th year.

He leaves his widow Mary; son, Wing Cmdr. Herbert James Hallows in England; daughter, Mrs. D. R. McKenzie of Churchill, Manitoba; and two grandsons.

Born in Tasmania, August 21, 1885, he was a medical student in England when war broke out in 1914. He served during the First World War and afterwards finished his education and internship at St. Bartholomew's hospital in London.

He practiced medicine in Canada for over 30 years, latterly in Vancouver, before retiring and coming to the Gulf Islands to live.

In 1954 he bought Trevor Island, just off Saturna, and soon gained the esteem of the Islanders.

Dr. Hallows, in his boat, Fiona, continued to serve when needed despite his retirement.

Funeral services were held on May 13, from Christ Church Cathedral, Victoria. Interment followed in Oak Bay Cemetery.

## SEA SCOUTS ARE ACTIVE ON SALT SPRING

Recent meetings of the Ganges Sea Scouts have included attendance at a first aid lecture sponsored by the Salt Spring Island Powt Squadron, an evening at the Ganges boat yard, where Ernie Watson described the construction, design and maintenance of boats, and a meeting at the Ganges fire hall where F. W. Donaghy and Mr. Anderson demonstrated the use of fire-fighting equipment with particular regard to oil and gasoline fires.

Softball teams are being formed by Sea Scouts which will be coached by members of the crew of the RCMP "Sidney". Ray Hill and Art Young are supplying the equipment. The troop now has 21 members. Following target practices which have been held at the Rod and Gun club range, a number of scouts are taking out memberships in the Rod and Gun club to be able to qualify for Dominion Marksmen's Association buttons.

## EXTENSIVE FALL-OUT AT SALT SPRING

During National Exercise "Tocsin"

Salt Spring Island civil defence organization was represented by a skeleton staff operating from the civil defence officer's house in the above nation-wide exercise.

Owing to the fact that the exercise was on a normal working day it was decided not to try to operate a full scale control room as this would have meant taking too many persons away from their work.

Whereas the exercise was mainly to test plans for the maintenance of government at the federal, provincial and municipal levels under conditions of nuclear war the action of the exercise was such that, had it been the real thing, residents of Salt Spring would have found themselves in peril.

A nuclear weapon was assumed to have been detonated over Brochie Ledge off Victoria, and for the purposes of exercise, the "fallout" pattern was in such direction that the whole of this island lay in the predicted zone of heavy fallout. In view of the fact that few if any houses on the island have shelters, the civil defence officer Group Capt. Layard had no option but to report that he anticipated 80 per cent would become radiation casualties.

The civil defence officer emphasizes that the exercise was in this respect quite realistic. A near miss resulting in a water burst is not at all improbable if Victoria should be attacked, civil defence authorities explained.

Salt Spring Island is not likely to experience the blast effects of a nuclear weapon it is maintained, but it is not immune from fallout. Protection against this can be achieved

## Dr. Barner To Head Golf Club

At the annual meeting of the Galliano Golf and Country Club, it was noted that the membership was increased, and reports of the last year's activities were heard.

Dr. H. D. Barner was elected president for the coming year; Dr. L. G. Robinson, vice-president; Mrs. G. Steward, secretary; Mrs. L. P. Denroche, treasurer; executive committee: V. Zala, Rev. B. Cowan, and Mrs. J. D. Moore; greens committee, Capt. I. G. Denroche and W. Rainford.

An entertainment committee was added, consisting of Mrs. H. D. Barner, Mrs. I. G. Denroche and Mrs. H. Pelzer, Mrs. I. P. Denroche and Mrs. N. F. Fletcher. This new committee will plan the barbecues, cribbage and dart tournaments for the new term.

## Only Nine Attend Galiano Annual Hospital Meeting

Annual meeting of the Lady Minto Gulf Islands hospital was held in the Galliano hall on May 9 with a very poor attendance, only nine residents taking part in the discussion.

The chairman was H. C. Geigerich and the administrator of the hospital read the various reports. An amendment to the by-laws was disapproved, and a new dishwasher has been installed, making the work much easier for the kitchen staff.

The Lions Club has taken over complete control of the ambulance, and all of the expenses entailed. Dr.

## ST. MARGARET'S GUILD MEETING

On Wednesday, May 10 the ladies of St. Margaret's Guild gathered at the home of Mrs. D. Bellhouse for their monthly meeting. The president, Mrs. R. E. # Fall Fair To Be Opened By M.P. At Mayne Island This Summer

**BY ISLANDER**  
Despite the very inclement weather of the previous week, the afternoon gave enough warmth and sunshine for our annual Tulip Show at Mayne Island on May 6.

Towards the end of June we intend to hold our annual rose show, and the fall flower show will be in mid-September.

The fall fair will be held on Saturday, August 19 and will be opened by F. W. Matthews, M.P., our local member. It is hoped that readers will make a note of that date.

Our fair catalogue is in the course of preparation, and I would like to mention one new prize offer that should tempt the local ladies... prizes of \$10 for white bread, milk rolls, cinnamon buns and layer cakes. Tickets for the fair will be on sale in the very near future and each ticket carries a chance on the well known Mayne Island sweater, made and guaranteed to fit the winner.

## POOR OMEN

A wet week is always a poor omen for a flower show, as the blooms take so much damage from rain spotting. Despite the weather the blooms on show, especially the tulips showed very little rain damage. The quality throughout was very good, and for the first time in

several years every colour class in tulips was represented.

In addition to quality, quantity was there. It was a pity that there was such a small turnout to see what turned out to be a very fine display. As usual in our shows, we can always rely on the ingenuity of the school children to turn in some very pleasing exhibits. It is a pity that more children did not enter.

Amongst the entries, two deserve special mention... Jeannine Drummond's little garden on a nine-inch pie plate, and a water colour of three tulips by Monica Linnell which showed real artistic promise.

During the afternoon tea was served, and our thanks go to the ladies who made the various things served, and those who helped in the serving.

Mrs. F. Steele, of Galiano was judge.

The following awards were made: Collection of tulips: 1, Mrs. H. Fraser; 2, Mrs. K. Noeken; 3, J. Clarke; single tulip: black, 1, Mrs. H. Fraser; 2, Mrs. G. Slinn; red, Mrs. K. Noeken; white, Miss M. ## Experimental Farm Notes

### WEEKLY REPORT OF NORTH SAANICH STATION

By E. H. GARDNER

Those of us who are interested in plant life and the culture of plants know that legumes have a certain unique property which differentiates them from nearly all other plants.

The roots of legumes act as hosts to a highly beneficial and industrious soil microbe known as root nodule bacteria or rhizobia. These bacteria enter the roots of legumes and their activity in the plant root results in the formation of small, gall-like protruberances from the root surface. These protruberances are known as root nodules.

The harmonious and beneficial relationship between the legume plant and the root nodule bacteria is known as symbiosis. There are several strains of root nodule bacteria many of which are effective only in association or symbiosis with certain legume species.

Rhizobium trifolii, for instance, is effective with many of the clovers such as red, alsike and white clover and rhizobium phaseoli is effective with garden beans and scarlet runners.

### VALUE OF RELATIONSHIP

Having briefly discussed the relationship between legumes and root nodule bacteria we should now discuss the value of this relationship. The atmosphere which surrounds us contains large amounts of nitrogen.

Plants require considerable amounts of nitrogen in their nutrition but are unable to directly utilize atmospheric nitrogen in their feeding. Root nodule bacteria, however, when existing in symbiosis with a legume in a root nodule are capable of transforming atmospheric nitrogen into a form which can be absorbed and utilized by the legume.

As a result, legumes, whose roots have been adequately inoculated with the correct strain of root nodule bacteria are able to make adequate growth and thrive in soils whose available nitrogen content is of a low order. Also plants grown in association with such legumes, such as grasses in a grass-legume pasture or hay sward, are able to utilize some of the nitrogen which is rendered available by the root nodule bacteria.

The value of legumes in a rotation is well known and crops following legumes in a rotation benefit from the nitrogen which has been made available by the legume crop. Legumes which have not been effectively inoculated require nitrogen fertilization as does a non-leguminous crop and even with inoculated legumes a small amount of nitrogen is at first required in the soil in order to initiate the process of effective root nodulation. High levels of available soil nitrogen have, however, resulted in a substantial decrease in the activity of root nodule bacteria.

In a recent grass-clover pasture experiment at the Saanichton Experimental Farm root nodule bac-

### Indian Festival Of Vancouver Island

Big annual function of the Saanich Indian bands was staged at Tsartlip Reserve, Brentwood, recently. A large crowd descended on the reserve and eagerly watched the program.

gram of events while eating out of business the refreshments stands and the salmon barbecue.

The participants and sponsors of the Saanich regatta, which opened the Indian sports season here will be in Victoria on May 21 and 22 to take part in the traditional Victoria Day Indian sports and racing. The event is the annual Indian Festival of Vancouver Island.

It will be held at the Songhees Reserve on Sunday and Monday of the Victoria Day week-end. President of the committee in charge is Chief Ed Underwood of East Saanich. Chief Underwood explained last week that the Indians have always looked to Queen Victoria as their queen. Each year they have marked Victoria Day in token of the queen who was reigning when Vancouver Island became part of the Dominion of Canada.

The day will commence with High Mass at the reserve at 11 a.m. on Sunday, May 21. This will be in the open air. The entertainment program will follow the opening ceremonies.

**TRADITIONAL DANCES**

West Coast Indians will take part in the traditional Indian dances. The Indian queen will be selected on Sunday in order to take part in the Victoria May 24 parade on Monday.

War canoe races will attract Indians from as far afield as Chilliwack and from south of the international border. They will converge on Victoria to take part in the festival.

Among the water events will be the koochman's race and 11-paddle Indian women's race and slahal, the traditional Indian bone-guessing game will be featured in the evening.

Salmon barbecue, claw chowder and crab will be available during the day and in the evening there will be dancing with the North Vancouver Indian dance orchestra.

Songhees Reserve may be found by driving to Admirals Road and following the signs posted along the way.

The festival is non-profit and the proceeds are largely expended on the prizes.

### Former Mill Owners Enter New Field At Fulford

Arthur and Stanley Moulton who operated the Shoal Bay Lumber Company at Swartz Bay Road are now fishermen—with a difference.

Two former Sidney mill owners have transferred their operations to the water. Stanley and John Moulton, who formerly owned and operated the mill at Shoal Harbor, adjacent to the new highway to Swartz Bay ferry, have acquired the Salt Spring Island farm, from their parents, Mr. and Mrs. G. A. Moulton. The farm is now devoting its productivity to the pools on the land. In two pools so far, the two brothers have hatched their first batch of 100,000 stock. With some 8,000 adult fish and

the 100,000 newly hatched eggs, the brothers are well on the way to their planned million rainbow trout. Their older fish range from six to 13 inches in length. The rainbow trout takes about two years to reach this latter size.

Connected with an ever-flowing water system, using the water of Fulford Creek and another creek from above the farm, is a hatching room and three pools. The brothers are now digging more pools, expanding their facilities to be able to handle one million fish per year.

#### SWIM FREE

The eggs are hatched in two-gallon crocks with fresh water flowing in continually. When the fish become larger they swim out through the outlet hoses into a larger tank. As they grow a little more, they swim down a large plastic pipe to an outside pool.

As fish have to be fed, they receive a prepared fish food purchased in the U.S.A. For small fish the food is powdered and larger trout food is in the form of pellets.

At present, hotels in Victoria are air-expressing fresh trout from Idaho, therefore the market of this Salt Spring Island industry will be hotels, cafes and butcher shops on Vancouver Island and the lower mainland.

An attraction to visitors and residents of Salt Spring Island is open fishing in some of the pools. One pool is now open for just that. The cost of fishing is free, but the fisherman pays for the fish he catches. No license is required, there is no limit, and patrons use their own lightweight fishing gear, but with trout hooks only. If they are without fishing gear, this is also supplied free.

Including dressing, the price of fish caught varies according to size, i.e., a nine-incher would be 45 cents.

In order to make the farm an ideal visiting place for tourists, the Moulton brothers plan to establish picnic and camping sites. The trout farm is open to visitors and anyone wishing to see it will be given a conducted tour of the

premises.

## TWO ONE-ACT PLAYS

### Well-received At Sidney

The Legion Hall, Mills Road, was the scene of two fascinating one-act plays on May 7 when the Duncan Little Theatre presented "Green for Danger", directed by Bert Binney, and the Peninsula Players put on "Rise and Shine", directed by Vera Trueman.

In the first, almost "who done it?" the five characters were exceedingly cleverly differentiated; from the calm, self-possessed bride-to-be, Emmie (Jane Russell); her noisy char lady, Mrs. Glossop (Peg Smith) whose delicious Cockney accent and philosophy brought several laughs; Poppy Canticle (Ruth Murrell) the warm-hearted, shrewd neighbour whose former stage experience secretly helps her in her position of being in possession of a terrifying secret, imparted by D. Franklin (Jeff Hunter) concerning the almost proved fact that Emmie's fiancé, Edward Bowden (Brian Norman) is in reality a psychopath with an urge to strangle his current love—especially when she wears green!

There were many tense moments which reached dramatic pitch when Emmie alone with Edward who is planning her death in revenge for having been jilted in his youth, tells him she, under another name, has tracked him down and knows him to be the killer of her sister.

A bottle of sherry from which he has had two glasses plays an important part in Emmie's revenge. She informs him it is poisoned and

Edward, believing her, dies. Emmie drinks a glass herself to show that it was fear, not poison which brought on Edward's heart attack.

In the interval, Bert Binney spoke on the value of community drama groups and urged the amalgamation of speakers' clubs and musical arts, with them, into one big entertainment.

The concern over this disease is largely confined to forest pathologists. The disease does not wipe out the forest. It merely kills the ment club where there would be room for actors, and musicians, workers in decor, lighting, props and costumes.

There was, he said, room also for the type of entertainment so well given by Ruth Draper, a personal representation in which one person played many parts.

To illustrate this, Mr. Binney introduced Bonnie Jean Rutherford who acted the scene between Hubert and the little prince whose eyes he has been ordered to put out with red hot irons. (King John). Her remarkable talent and emotional power brought a burst of applause.

#### FOLK MUSIC

A little musical interval provided by Eleanor Gilstein with her piano accompaniment, entertained with splendid rhythm and dexterity as feet tapped out the tunes of the folk music.

"Rise and Shine" by the Peninsula Players takes place in a part of a cemetery in the early morning. The whole play is a riot, and an amusing idyll grows between Philip Sandgate

## RUMMAGE SALE PLANNED FOR NEXT WEEK-END

A coffee party and rummage sale is being planned for Sanscha hall on Saturday, May 27, and articles for sale are still being sought.

Contributions of all types of articles and clothing may be left at Sanscha hall or Sidney Shell service station at Beacon and Third St. Donors who are unable to call may phone GR. 5-2873, GR. 5-1878 or GR. 5-2572 any evening.

Grant (David Smart) killed in a motor accident in 1953, who rises at the same time as Hepzibah Mercy Jones, aged 25 (Ruth Cudley). However, Hepzibah died in 1858 after the birth of her sixth daughter and finds on her tombstone that her husband married a woman she disliked and who presented him with four sons.

This makes her furious—and when old Henry Jones (Ken Smith) and his second wife (Ginger Norman) come back to find out why Hepzibah has not answered the roll call preceding the separation of "sheep and goats", she elects to stay with Phillip.

The old man enquires Phillip's father and grandfather's names and after bursting into uncontrollable laughter informs the young couple that Phillip's grandfather was the husband of Hepzibah's daughter—and that Phillip had therefore been flirting with his great-grandmother! The sensible Jones exit right to the "sheep" and Phillip picks up his little "grandmother" and exits left presumably to join the "goats".

Amusement was still reflected in the faces of the audience as Vera Trueman received applause and a gardenia corsage.—D.L.H.

## MASSED BANDS ENTERTAIN AT SANSCHA

### As Visiting Groups Augment Local Units

An interesting week-end for about 100 young bandmen on their first tour concluded on Sunday when they left for their homes in Burnaby and LaConner, Washington. Saturday evening, a huge party was held at the North Saanich high school for the young people, with the members of the North Saanich band and other students as hosts, and with many parents turning out to help entertain the visiting students.

The second annual parade of bands was held at Sanscha hall on Friday evening and was thoroughly enjoyed by an audience of about 300. Welcome and gratitude for the large turn-out was expressed by D. E. Breckenridge, principal of the high school. The concert was ably announced by Norman Wright, master of ceremonies, as he introduced the visiting bands and their leaders, and interspersed the numbers with interesting facts about them.

#### SMALL GROUP

The band from LaConner, although only 18 in number, has a fine group of musicians, ranging in age from 12 to 18 years. They have been together about three years. Their conductor is Eugene Stormo. The band was returning a visit paid to them by the local band last fall.

The McPherson Park band, whose members entertained the North Saanich band during the recent band conference in Vancouver, includes 85 musicians, all Grade 8 students from the McPherson Park junior high school. Their average age is 13. They have been together about two years, and their conductor is Tom Furness, who conducted the New Westminster band when it appeared here last year.

The North Saanich band is composed of a senior band, which is extra-curricular, and meets every Wednesday night, and a junior band, which is part of Music II, taught at the school. Conductor of the band is Stan Magee, and the manager is Mrs. J. Eagles who, with the Band Aid committee under its president, Mrs. J. Dear, was responsible for the billing of the 100 visiting students.

Sidney merchants co-operated by offering special lunches, special prices on food and bowling, a special matinee at the Gem theatre, and other items to add interest.

#### JUNIOR SECTION

The junior section of the local band, played several numbers on their own and joined the massed band numbers. This group has been together less than two years and will be the additions and replacements for the senior band. It is regarded by Mr. Magee as the band of the future.

An extensive variety of music was offered by the three bands. It is a part of the school program to teach a wide variety and an advanced type of music so it is possible to give such a varied concert program. The ordinary school band marches are apparently simple for these keen musicians, but far from simple was this program, for each band played new numbers and old favorites.

The two national anthems were played by the massed bands as were "Our Own Overture", conducted by Mr. Magee, and the "Great Gate of Kiev", conducted by Mr. Trueman.

With 165 musicians on stage, the intermission break could have been one of confusion, but with just one previous practice, and several orderly commands by Norman Wright, it was done quietly and efficiently.

During the evening Mr. Wright noted that sometimes it is a little difficult to fit a student to an in-

strument and illustrated his point as the two smallest boys stood up—with the largest instruments in the band. Mr. Wright also called attention to the fact that these students give many hours of their time for practice, and to earn money to help pay for their instruments and their trips.

He recalled that on a recent TV show dealing with delinquency, one speaker, said that many adults spend many hours discussing ways and means of curbing this problem,

but if every adult would spend just an hour a week with a child, no problem would exist.

#### Traffic Deaths

At present traffic deaths are occurring at the rate of 9 per day in Canada. January through June 64 persons die daily on our highways. July through December 114 persons are killed each day. Programs aiming at reduction should stress the last six months of the year.

ALL THE NEWS IS IN THE REVIEW

## RECALLS EARLY PLAGUES

PESTS ARE THREATENING ALBERTANS  
AS CATERPILLARS INCREASE OVER YEARS

Albertans are facing a plague of small beetles which pestered local gardeners for several years recently.

Scourge of the Canadian poplar, the forest tent caterpillar, is on the move again in north-central Alberta, announces the Canada department of agriculture.

This is alarming news to those who know of previous visits. First recorded outbreak was in 1887 when great numbers were reported throughout Canada. In 1925 caterpillars were so abundant that piles of bodies lay two feet deep under street lights in Edmonton. Outbreaks occurred again from 1939 to 1941 and from 1951 to 1953.

C. E. Brown of the Calgary forest biology laboratory, said the native insect has been periodically abundant in Alberta since earliest settlement by the white man.

The current outbreak began in 1957 in the Elk Point district, east of Edmonton. It has gradually grown and in 1960, caterpillars were defoliating thousands of acres of poplar east of Edmonton and in the Peace River region. They can be expected to be abundant over a large area of northeast-central Alberta in 1961, unless weather conditions during the winter and spring of 1960-61 are unfavorable for hatching eggs and the development of larvae.

The caterpillars are a serious nuisance around resort areas when they are numerous enough to strip trees completely. In heavy infestations the caterpillars in search of food may completely cover the ground and invade camp grounds, beach areas and home sites.

## BARRIER STRIPS

The full-grown caterpillars are bright blue along the sides and

have a row of keyhole-shaped, white markings along the back. The rest of the body is black and is covered with long, reddish-brown hairs.

The tent caterpillar strips leaves from the trees in early summer but the trees produce a new crop of leaves in July, enabling the trees to recover partially from the defoliation. Four to six years of complete defoliation will kill the trees but in Alberta infestations have seldom lasted this long, and few trees have been killed.

Although this insect prefers poplar, it feeds also on fruit trees and many shrubs. Farmsteads and resorts can be protected by spraying a buffer strip about 400 feet wide around them. DDT is usually recommended and should be used according to the manufacturer's directions.

Island Press Women Meet  
At Qualicum Beach Inn

April meeting of the Canadian Women's Press Club, Vancouver Island Branch, was held last Sunday at Qualicum Beach Inn.

Following the scenic drive from Victoria and other island points, members and guests partook of a hot turkey luncheon.

After the business meeting, Mrs. Margaret Trebett, Port Alberni, gave a talk. Andrew Bigg, Port Alberni, was guest speaker.

Mrs. Trebett spoke briefly and informatively on markets and stressed the fact that though many, when they begin to write have dreams of becoming great writers, few achieve that goal and most are appreciative of the trade journals and newspapers for marketing material.

She stated that these markets are numerous and those wishing to write on a free lance basis should investigate their possibilities.

Mr. Bigg, a charter member of the Royal Commonwealth Society spoke on the commonwealth. His talk was interesting and thought

provoking, bringing many questions from the floor so that members were reluctant for the period to end. Tea in the lounge of the inn brought to a close a most enjoyable afternoon.

Modern  
Etiquette

BY ROBERTA LEE

Q. Don't you think a devoted wife has the privilege of opening her husband's mail?

A. Never! Neither wife nor husband has the privilege of opening the other's mail, nor should she or he pick it up and read it after it has been opened, without permission. A well-bred person will not even scrutinize a postcard that belongs to someone else.

Q. Is it proper for a woman to shake hands with another woman when being introduced?

A. This is optional. She can, however, show more sincere pleasure over the meeting if she does offer her hand.

Q. When a man is assisting a woman out of an automobile, should he take her hand or her elbow?

A. He should assist her by placing a hand under her elbow.

Q. Where should one's return address be properly placed on the envelope of a letter?

A. The preferred position is in the upper left-hand corner of the face of the envelope, although when the envelope is too small, the return address is sometimes written on the back.

Q. When is the proper moment for a dinner guest to open his napkin and place it on his lap?

A. Only when the hostess takes up her napkin. And be sure not to unfold the napkin completely; open it only in half and lay it across the lap.

Q. When a woman is alone in an hotel, in what way should she call a taxi?

A. Ask a bellboy to attend to this.

Q. When a man takes a girl to dinner, should he give her order to the waiter before giving his own—even if she takes a considerable length of time to make up her mind?

A. Yes, he should always wait for her to state her preference, and then relay this to the waiter before giving his own order.

Q. What can a girl say, if she has been introduced to a young man, who, upon leaving, says, "I am glad to have met you?"

A. "Thank you" is a good answer. If she is especially pleased about the meeting, she may add, "And I am very glad to have met you."

Q. What is the correct way for a friend or relative to respond to a birth announcement?

A. By calling to see the mother, sending flowers to her, or a gift to the baby.

"HIGH TIME" AND IRISH  
FANTASY FEATURED AT GEM

An Irish fantasy will be featured at the Gem theatre next week on Monday, Tuesday and Wednesday, May 22, 23 and 24.

Darby O'Gill (Albert Sharpe) fears that his sudden retirement would ruin his daughter Katie's (Janet Munro) community standing. Darby's replacement, Michael McBride (Sean Connery), is attracted to Katie and therefore agrees to pose as hired help. However, Katie learns the truth and running out of the house in anger, is fatally injured. Brian, king of the Leprechauns comes to the rescue to give the story a fairy tale ending.

Walt Disney's production "Darby O'Gill and the Little People" was filmed in Cinemascope and Technicolor, and is released by Buena Vista.

The campus comedy "High Time" starring Bing Crosby, Fabian, Tues-

day Weld and Nicole Maurey, will be presented at the Gem Theatre Thursday, Friday, Saturday, May 18, 19, and 20.

Over the protests of his snob son, Harvey Howard Jr., (Angus Duncan) and his daughter Laura (Nina Shipman), Harvey Howard Sr. (Bing Crosby), self-made millionaire, enters the freshman class at Pinehurst College.

He finds himself in a dormitory with three roommates, Gil Sparrow (Fabian), J. T. Padmanabhan (Patrick Adiarte), and Bob Bannerman (Richard Reymor), whose close allies are Joy Elder (Tuesday Weld), and Randy Pruitt (Yvonne Craig).

Between fraternity initiations and proms the college year is successfully completed and H. Howard Sr. emerges a better man.

"High Time" was produced by Charles Brackett in Cinemascope and colour.

Hatchet-Carrying Husband  
Makes Salesman Wonder

By WILF DEMERS.

Saanich real estate salesman was  
telling an experience he had a  
while ago.

He had driven a woman client  
about the district for days, he said,  
looking for a house in the low-price  
bracket. Nothing pleased her until  
he showed her a little cottage. It  
was more scenic than solid, he said,

but she fell in love with it immedi-  
ately.

She begged him to bring her back  
with her husband that evening. He  
got a bit of a shock when he picked  
them up. The husband was carrying  
a large flashlight and a hatchet.

After a brief inspection of the  
house, during which everything ap-  
peared to be "lovely" as the lady  
put it, her husband asked purpose-  
fully if he might have a look at the  
foundations. The owner obligingly  
showed them a trapdoor in a bed-  
room closet and heaved various  
boxes out of the way.

Without a moment's hesitation, the  
client lifted the door and jumped  
down—into water up to his knees.  
The real estate man said he didn't  
sell them that house, nor any other.  
They were reluctant to go out with  
him again.

And he's still wondering what the  
man was doing with the flashlight  
and the hatchet.
